SAM Paratransit.

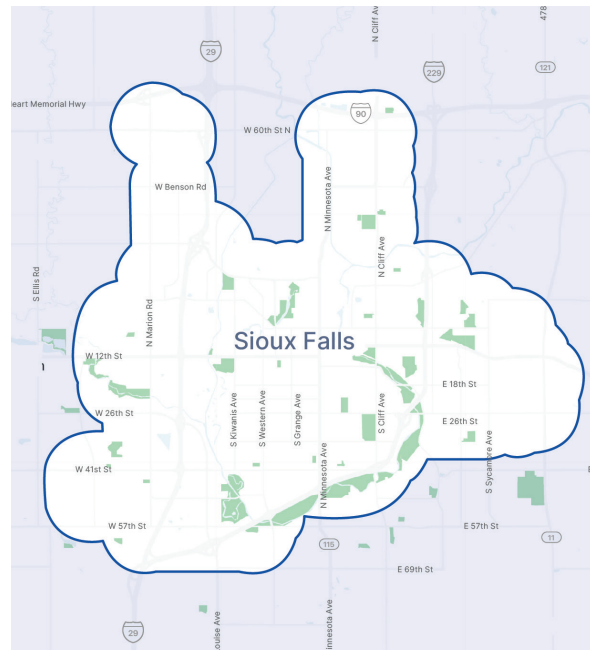

Sioux Area Metro Paratransit is a door-to-door shared ride service for persons who are, due to functional limitation(s), unable to use the accessible fixed-route bus service. Passengers must be certified eligible per guidelines established in the Americans with Disabilities Act (ADA).

Eligibility

There are three types of eligibility status. The eligibility notification letter sent to you tells you which eligibility type you are qualified for:

- **Full Eligibility.** Full eligibility is given if boarding, riding, and/or deboarding a regular fully accessible bus is not possible without the help of another person. Full eligibility may also be available if you cannot understand the transfer directions needed to complete a trip without the help of another person.
- **Conditional Eligibility.** If you are able to ride the regular fully accessible bus sometimes, but, due to functional limitations, are not able to ride it at other times, you may be given conditional eligibility. The conditions under which you are eligible for Paratransit service will be listed in your eligibility letter.
- **Temporary Eligibility.** Temporary eligibility is given to you if you are experiencing a health condition that is expected to improve, but, for a limited time, the condition prevents you from riding a regular fully accessible bus.

*Some riders will need to use SAM On Demand depending on availability of Paratransit vehicles.
