Table of Contents

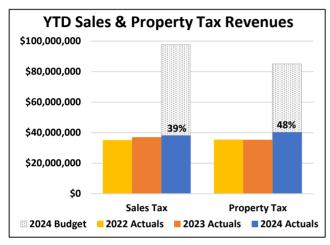

| Internal Service and Permanent Funds |
|--|
| Internal Service Funds are specifically designed to efficiently manage centralized activities shared by all city departments. These funds serve two critical purposes: self-insurance and risk management, as well as ensuring timely maintenance and replacement of facilities and equipment. The range of services covered by these funds includes health insurance, workers' compensation, risk management, enterprise technology, fleet management, and centralized facilities services. These services are allocated to other city departments based on cost-sharing principles. Like enterprise funds, Internal Service Funds operate based on service levels and are non-appropriated. Changes in cash position within these funds indicate the available balances to meet ongoing service demands. |
| <u>Permanent Funds</u> account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs. This includes the Library Memorial Fund for library endowments and the Cottom Memorial Fund for extraordinary meritorious or heroic service. |
| CAPITAL PROGRAM |
| Capital Program Fund & Department Summary |
| This capital summary is organized on a fund and departmental basis. It provides a general overview of the allocation of the various resources as well as providing current budget balances for the total capital program (CIP & OCEP). |
| Capital Improvement Projects (CIP) and Capital Equipment (OCEP) Summary10-1 |
| The capital projects summary presents each project within the capital program. As each project may involve several funds, the projects are organized by the primary department for which the project is being completed. Project budgets are balanced on a project-by-project basis. The report also contains a status code to define the status of each project. The codes are: N – not started; S – signed contract; PD – preliminary design; D – under design; DC – design completed; I – in construction; SC – substantially completed; W – under warranty; C - complete. |
| Specific Funding Breakdowns1 |
| American Recovery Plan Act (ARPA) Project Summary provides a general overview of the allocation of funds used for various city projects, initiatives, and other related costs. |
| <u>National Opioid Settlement Funds</u> provided from a legal agreement between state and local governments and opioid manufacturers and distributors. These funds are set aside and committed for opioid prevention and treatment programs. |
| <u>Liquor License Proceeds</u> above the minimum initial fee for off-sale or on-sale dealer liquor licenses established in ordinance (52-23), shall be utilized for the purposes of community betterment initiatives which may include, but not limited to, addressing substance abuse, mental health, safety, homelessness, and the housing of at-risk populations. |
| DEBT |
| Total Outstanding Debt1 |
| This summary provides the details of the City's total outstanding debt summarized by each debt issue that is outstanding or has been approved but not yet issued, the general purpose for each debt issuance, maturity date, the source of repayment, and the interest rates for each issue. The summary is organized into two broad categories, governmental and business-type, to indicate the funding source being used to repay the obligation. |
| BUDGET |
| Total Budget and Adjustments Summary18-1 |
| The summary shows the original budget, capital carryforwards and carryovers, and all other budgetary actions that have occurred since it was initially adopted. The report is organized to show budget actions on a fund basis. The details for the supplement column are presented by month on the final page of this summary to show specific actions and the reason for each supplement. |
